ONTARIO  
OSTEOPOROSIS  
STRATEGY FOR  
LONG-TERM CARE

This educational DVD has been prepared for Ontario long-term care homes to use as a learning tool for osteoporosis and fracture prevention care. The authors have made every effort to produce accurate, evidence-based and useful information at the time of production. However, all long-term care homes and their health care providers remain responsible for using their own discretion in adapting the DVD information to their clinical care and practice situations. None of the parties involved in the production of this DVD can be held liable for any errors, omissions, losses, damages, injuries or consequences arising from the use of information contained within this DVD. Any identification of specific products that may appear in this DVD does not imply endorsement.

The information provided in this DVD should be accompanied by the osteoporosis and fracture prevention education and resource tools for long-term care available at [www.osteostat.on.ca](http://www.osteostat.on.ca)
